EX PARTE

In re: Study of and possible implementation of rules related to the physical security of electric utility infrastructure, including electromagnetic pulse ("EMP").

NOTICE OF RESCHEDULING OF TECHNICAL CONFERENCE

The Louisiana Public Service Commission ("LPSC" or "Commission") Staff hereby provides notice that the Technical Conference currently scheduled to be held in the above-captioned rulemaking on August 29, 2017 at 9 a.m. in the Natchez Room of the Galvez Building, 602 N. Fifth Street, Baton Rouge, Louisiana 70802 has been **rescheduled to September 12, 2017 at 9 a.m.** in light of the declared state of emergency and the potential for inclement weather related to Hurricane Harvey.

At the Commission's June 28, 2017 Open Session, former LPSC Commissioner Irma Dixon introduced Mr. Floyd Marshall Director of Cyber Security Practice at Semper Fortis Solutions, LLC. Mr. Marshall will attend the Technical Conference to discuss the latest available technology for the protection of critical utility infrastructure.

Commission Staff encourages all parties to attend the Technical Conference and to be on the lookout for a preliminary recommendation in this docket. Commission Staff will request comments on the proposed recommendation and any issues that may arise out of the Technical Conference at a later date.
