Question No.: LPSC 1-14 Part No.: Addendum:

Question:

How many of your meters were turned off intentionally due to rolling blackouts versus lost power naturally due to storm damage from the Winter Storms?

---

Response:

The number of meters or customers impacted during the load shed event was approximately 107,000, as compared to approximately 228,000 customers who lost power as a result of physical impacts to ELL infrastructure caused by the Winter Storms.
