A. EXECUTIVE SUMMARY

United Professionals Company (“UPC”), a member of the Sisung Group, is pleased to submit its response to the Louisiana Public Service Commission’s (“LPSC” or “Commission”) request for Proposals for Outside Independent Technical Consultants 18-14 (“RFP”). We hope to have the opportunity to assist the Commission Transportation and Auditing Staff (“Staff”) in its review and analysis of Pecten Midstream LLC's application to increase rates for transportation service of petroleum on its Delta Pipeline System, revise LPSC Tariff 2.2.0, reserve rights for interim rate relief, and expedited consideration (hereinafter, "this Docket").

UPC has built a team of legal, regulatory, utility finance and economics professionals, the members of which were specifically selected for their ability to serve the needs of the LPSC. Our team of qualified consultants has previously served the Commission in its reviews of several utility companies’ rate cases, FRP reviews and renewals, and RSC reviews and renewals. We are eminently qualified to review the Company's filing, draft data requests and review accompanying responses, along with work papers and the company's financial data; review historical data involving prior audits; participate in formal status conferences, pre-trial conferences, depositions, and hearings; prepare for filing audit memoranda and/or pre-filed testimony in support of Staffs ultimate recommendations, together with exhibits supporting the memoranda and/or pre-filed testimony; and assist in the drafting of applicable motions, exceptions, briefing sheets and orders of the Commission. Our team of consultants stands ready to participate in informal conference calls, meetings and conferences with the Commission and its Staff, as well as, attend any Business and Executive Sessions that the Staff deems necessary.

UPC appreciates this opportunity to respond to the Commission's RFP. Our professionals are excited about the opportunity to serve the Commission as an Outside Independent Technical Consultant in this Docket. UPC’s local presence offers the LPSC the benefits of geographic proximity and a wealth of institutional knowledge. Indeed, our robust understanding of Louisiana’s laws, regulations, procedures, organization, political environment and financial position would allow us to be immediately effective in responding to the needs of the Commission and Staff in this Docket by virtue of not having to overcome the learning curve that an out-of-state firm might encounter. For more information on our knowledge and experience, please contact the client references that we have provided.

Very truly yours,

R. Lane Sisung
Managing Director

2. United Professionals Company

UPC, which manages the Sisung Group's non-regulated financial advisory and consulting activities, provides clients operating in the public, private and non-profit sectors with a broad range of services from its offices in New Orleans, Covington, and Baton Rouge. These services include, but are not limited to: financial analysis, transaction structuring, business plan development, real estate development, and revenue maximization. UPC's public sector clients include state governments, parish and county governments, cities, towns, state utility regulatory authorities, school districts, hospitals, levee districts, housing authorities, universities, port authorities, law enforcement districts, charter schools and more.

UPC and its affiliated Company in the Sisung Group are multifaceted and have extensive experience in a broad range of financially-related areas involving state and local government throughout Louisiana. UPC's dedicated and accomplished staff includes previously high-ranking government and financial institution officials with extensive management and financial experience, in addition to:

- Investment Bankers
- Securities Traders
- Financial Analysts
- Attorneys
- Certified Public Accountants
- Regulatory Economists
- Published Academics
- Former Public Administrators

Our professionals are highly educated, experienced, and published in multidisciplinary areas including:

- Financial Analysis
- Program Design
- Government Relations
- Legislative Advocacy
- Policy Initiatives
- Financing Transactions
- Legal and Regulatory Budgeting, Planning, and Administration

Successfully utilizing the strengths, talents and expertise of our seasoned professionals, we are able to provide customized, quality service to our clients. Our professionals have represented local, state and federal issuing authorities, cities, parish and county governments, hospital districts, 501(c)(3) corporations, state agencies, state governments and commissions, and corporations.

As a specialty branch of these financial advisory and consulting services, UPC has built a team of regulatory and utility finance and economics professionals, the members of which were specifically selected for their ability to serve the needs of the LPSC. All members of the UPC team have an extensive knowledge of and experience in analyzing the operations, books and records of common carriers, costing methodologies utilized by the LPSC, and affiliate transactions of common carriers. Our consultants are familiar with Commission General Order No. R-33390, *Louisiana Public Service Commission, ex parte, In re: Rules Applicable to Common Carrier Petroleum Pipelines*, dated March 9, 2015. Section 4 of the aforementioned General Order requires just and reasonable, and not unreasonably discriminatory rates; and sets forth guidelines for approval of rate applications and allows Common Carrier Petroleum Pipelines to increase rates through Indexing, Commission Approval, or a Limited Temporary Surcharge.

All UPC consultants are qualified, and have experience in rendering expert testimony, and being cross-examined, with respect to all of the issues including, but not limited, to:

- Appropriate accounting standards and practices for utilities, public utility accounting, and generally accepted auditing standards;
- The appropriate ratemaking adjustments to be made to the utility's accounting records;
- The determination and calculation of the appropriate rate base of a utility plant investment dedicated to providing service;
- Traditional cost-of-service and cost allocation methodologies supporting the revenue requirements among classes of customers;
- The cost allocation methodologies for the allocation of investment and expenses between affiliates, including the relationship of the holding company to its subsidiary operating companies, the transfer of investment and costs between operating companies, and the provision of services between affiliates;
- Cost of capital, including capital structure, cost of debt, cost of equity and rates of return;
- Just and reasonable costs and prudent investments associated with providing safe, reliable and quality service; and
- Depreciation and taxation, including the TCJA.

UPC's team of regulatory and utility finance and economics professionals is well qualified to provide the services that the LPSC has requested in Request for Proposal 18-14. Our organization has an extensive amount of practical experience in the field of public utility practice that includes similar practice before the LPSC and other regulatory agencies, and a vast knowledge of Louisiana ratemaking standards and regulatory law.

All members of our team are experienced in participating in cases involving public utility regulation, or other regulatory issues on administrative and judicial levels, including the presentation of direct testimony or report and recommendations, assistance in developing cross examination of adverse witnesses, and the analysis of comments and exceptions to proposed recommendations. Our team of professionals has significant experience in the presentation of

recommendations involving public utility regulation and other regulatory issues on administrative and judicial levels. Our professionals have practiced before, and acted as expert witnesses in complex cases before, regulatory agencies such as the LPSC, Securities and Exchange Commission (“SEC”), the Federal Energy Regulatory Commission (“FERC”), and the Financial Industry Regulatory Authority (“FINRA”). The attorneys who work in-house for UPC have been published on topics covering a wide range of law.

UPC has built a team with extensive practical experience in the field of public utility regulation that includes similar practice before the LPSC and other regulatory agencies. Our professionals have significant experience in the presentation of recommendations involving public utility regulation and other regulatory issues on administrative and judicial levels. We are qualified and prepared to review all documentation submitted by any party to the proceeding on any and all issues that are likely to arise in the proceeding.

Collectively, the UPC professionals possess a full understanding and ability to assist Commission Staff in reviewing the issues related to this Docket. The combination of our team members’ educational backgrounds, achievements, specific expertise, and prior experience serving the Commission best positions us to provide the LPSC and Staff with the most extensive and comprehensive consulting services available to it on this Docket.

The resumes of our highly qualified professionals who would be assigned to assist the Commission, as well as the functions that would be performed by each, are detailed in *Appendixes A*. We have included a full resume for each staff member and consultant who will be assigned to work on this Docket, including names, positions, education, and professional experience. UPC reserves the ability to supplement its team, if necessary, and with approval of Commission Staff, in order to provide the Commission with the very best service on this Docket.

C. PLAN OF ACTION

We are fully prepared to assist the Commission's in-house Staff this Docket. The Commission's RFP makes clear that the time anticipated to complete the Scope of Representation is approximately 6-12 months. As a result, our Plans of Action is tailored towards a 12-month maximum Period of Representation.

If selected, our team of professionals would make ourselves available to participate in informal conference calls, meetings and conferences with the Commission and its Staff, and attend any Business and Executive Sessions that the Staff deems necessary through the conclusion of each test year through Commission vote, regardless of whether said vote is the result of a stipulated agreement or contested hearing.

1. Methodology

The methodology that UPC proposes to utilize in serving the LPSC in this Docket leverages our team's in-depth understanding of Commission and state of Louisiana law and regulatory precedent, the regulatory process, and our specially-selected consultants' prior experience serving in similar dockets. The UPC approach uses a collaborative, standardized methodology that ensures efficiency, effectiveness, and proper controls.

2. Approach

If UPC is selected as the Commission's outside independent technical consultant, our staff will work closely with Commissioners, Commission Staff, and Outside Counsel in reviewing all relevant aspects and of the Company's Application. Detailed below is an outline of UPC's proposed action plan for assisting the Commission in this Docket. UPC fully understands, however, that if chosen, the Commission and its Staff shall determine how the tasks will be carried out.

3. Scheduling Outline

UPC envisions our team of consultants and advisors assisting Staff and Outside Counsel in its review of annual evaluation reports, coordinating with Staff and Outside Counsel, and addressing topics of consideration that will need to be addressed in each review.

- Meet and work with Commissioners, Commission Staff, and parties to establish and distribute a list of the professionals participating in the process and their contact information;
- Analyze the impact of the Company's filings;
- Draft and assist in the drafting of data requests;

- Track responses to data requests;
- Analyze data responses;
- Prepare any technical analysis as required by Staff;
- Plan and participate in technical conferences, if required;
- Participate in formal status conferences, public meetings, etc... before the Commission, as required;
- Draft and assist in the drafting of applicable motions, exceptions, filings, briefing sheets, testimony, exhibits, and orders of the Commission as may be necessary;
- Appear at and participate in informal conference calls, meetings, technical discussions, etc...; and
- Attend and testify at any LPSC Business and Executive Session(s) that the Staff deems necessary.

In performing the above, we would leverage our team's expertise in public utilities law, finance analysis, and regulatory economics, as well as our in-depth knowledge of Louisiana public utilities throughout the entirety of this process, placing it at the disposal of those involved.

4. Workload Management and Distribution

R. Lane Sisung and Paul T. Chastant, III will serve as contacts to LPSC, with Mr. Sisung serving as the primary contact. Mr. Sisung and the team will remain in constant contact with Commissioners, Commission Staff, and intervening parties regarding any and all material matters so as to together provide seamless coverage for the LPSC. Together we will work with Commissioners, Commission Staff and intervening parties to assess needs, determine deliverables and timelines, coordinate our firm's resources, and schedule meetings with the LPSC and other parties to provide analysis and advice.

UPC's staff utilizes a collaborative and fluid team approach. Mr. Sisung will draw upon our individual team members' expertise as needed for understanding and edification of individual issues. We may also add expertise throughout the engagement as needed. By assigning the proper specialist to individual issues as they arise, with Mr. Sisung acting as program administrator, we will be able to effectively meet LPSC's needs. All of this resource coordination will take place seamlessly to the Commission.

5. Action Plan Conclusion

UPC has included this preliminary work plan as reference for discussion with the Commission to demonstrate that we have identified the major tasks needed to successfully complete the work necessary in this Docket. This preliminary work plan will form the basis of the detailed work plan that will be agreed upon with Commission Staff and used to perform this assignment.

We believe that our process ensures that the work products and deliverables will exceed the quality standards that the LPSC expects from the independent technical consultant awarded this contract.

D. COST PROPOSAL

UPC is pleased to submit the following price proposal to the Commission for consideration.

We estimate that the total cost of labor for the completion of this Docket would not exceed \$70,000 for the Period of Representation. Our rates per hour vary per consultant from \$150.00/hour to \$400.00/hour.

We estimate that the total expenses necessary for the completion of the project would not exceed \$5,000. These costs reflect our estimate of the travel and lodging costs of experts over a twelve (12) month Period of Representation. Expenses would also be separately disclosed with proof of such expenses attached. UPC would request reimbursement for only those travel-related expenses that are actually incurred. Expenses, where applicable, would be billed in accordance with state authorized rates as specified in the Travel Policies and Procedures Memorandum issued by the State of Louisiana, Division of Administration in effect at the time such expenses are incurred ("Allowable Expenses"). Any expenses that exceed the Allowable Expenses would be borne by UPC, unless otherwise specified by the Commission. Further, billed expenses would not exceed twenty percent (20%) of the total amount of billed fees at any given time.

We estimate that the total cost of labor and expenses for the completion of this Docket would not exceed \$75,000 (\$70,000 of Labor + \$5,000 of Expenses).

UPC understands that Staff would be able to request, and UPC would be required to provide, billing information at any time upon Staff's Request. Staff, working with UPC, would review all of the bills submitted for payment, including but not limited to conformity with the planning sessions and any amendments. UPC further understands that the Commission shall have the discretion to impose additional safeguards upon the potential bidders at the time such bids are put up for vote, and that it shall have the right to either accept such additional safeguards, or reject them and withdraw their bid. Further, at any time after UPC is selected and hired, the Staff and UPC may agree to further safeguards.

If selected, UPC bills would be rendered in strict accordance with the Commission's guidelines. UPC would only charge for actual hours of work performed and costs incurred. All UPC bills would be rendered monthly, and specifically identify and describe all work performed, the person performing such work, the time and charge for such work, and show the total amount billed to date and the authorized original estimate, in accordance with the Commission's August 4, 2004 General Order.

E. CONFLICTS OF INTEREST

Below are outlined disclosures. We do not believe that they pose actual conflicts of interest, but for the purpose of full disclosure, hereby disclose.

1. SSC presently serves the State of Louisiana, Office of the Governor, Division of Administration through acting as a financial advisor, on an “on call” basis.

G. CONCLUSION

UPC appreciates this opportunity to respond to the Commission's RFP to serve as an outside independent technical consultant by assisting Staff in this Docket. As detailed in the sections above, UPC and its affiliated Sisung Group Company are multifaceted and have extensive experience in a broad range of financially-related areas involving state and local governments. Because we are a Louisiana firm, all of whose employees are Louisiana residents, we take great pride in any and all work that we do that benefits the people of our state, and we believe this project provides just such an opportunity.

UPC has built a team of legal, regulatory, utility finance and economics professionals, the members of which were specifically selected for their ability to serve the needs of the LPSC. Our team of qualified consultants has previously served the Commission in its reviews of several utility companies' rate cases, FRP reviews and renewals, and RSC reviews and renewals. We are eminently qualified to review the Company's filing, draft data requests and review accompanying responses, along with work papers and the company's financial data; review historical data involving prior audits; participate in formal status conferences, pre-trial conferences, depositions, and hearings; prepare for filing audit memoranda and/or pre-filed testimony in support of Staffs ultimate recommendations, together with exhibits supporting the memoranda and/or pre-filed testimony; and assist in the drafting of applicable motions, exceptions, briefing sheets and orders of the Commission. Our team of consultants stands ready to participate in informal conference calls, meetings and conferences with the Commission and its Staff, as well as, attend any Business and Executive Sessions that the Staff deems necessary.

All members of our team have a strong working knowledge of LPSC jurisdictional issues, applicable Commission regulations, a full understanding and ability to formulate issues and ultimate recommendations in this. The multifaceted financial qualifications and experience offered by UPC's staff of regulatory and utilities finance experts and consultants, combined with our in-depth understanding of Louisiana laws, regulations and local issues, best position us to provide the Commission with the most extensive and comprehensive service. Our professionals have a distinctive style that encourages personal service, excellence and integrity. We believe that the combination of our professionals' experience, our local Louisiana presence, our national expertise, and our proven track record of nearly thirty years of exceptional quality and integrity in our dealings offers the Commission an excellent choice for an outside independent technical consultant to assist it in this Docket.
