***In Re: LPSC RFP 18-14, Docket No. S-34959, Pecten Midstream, LLC (Houston, Texas), ex parte. Application to i) Increase Rates for Transportation Service of Petroleum on its Delta Pipeline System, ii) Revise LPSC Tariff 2.2.0, iii) Reserve Right for Interim Rate Relief, and iv) Expedited Consideration***

Dear Ms. Watson:

J. Kennedy and Associates, Inc. ("Kennedy and Associates") is pleased to submit this proposal to assist the Louisiana Public Service Commission Staff ("Commission" and "Staff") in the review of the request to increase intrastate pipeline transportation rates filed by Pecten Midstream, LLC ("Pecten" or "the Company").

Kennedy and Associates has assisted the Commission and the Staff since 1986 on various matters, including the pending Crimson Gulf, LLC Application to Increase Rates in Docket No. T-34695, and in other rulemaking, revenue requirement, formula rate plan, and tariff issues, in proceedings before the Commission and before the Federal Energy Regulatory Commission. In addition, we have reviewed and are familiar with the Commission's General Order No. R-33390 dated March 9, 2015. Finally, we are experienced in reviewing and litigating contested accounting and regulatory issues.

### **Our Approach to Perform The Project**

We already have performed an initial review of the Pecten filing. We will prepare data requests and review the responses; analyze and quantify the issues and their effects on the requested increase; prepare prefiled direct testimony (the procedural schedule includes only direct testimony for the Staff) in support of Staff's recommendations, along with supporting exhibits; participate in meetings via teleconference, attend a single hearing to stand for cross-examination on our prefiled testimony, provide assistance to the Commission's Transportation Staff and Legal Staff, including assistance

with legal briefs, and attend the Commission's Business and Executive ("B&E") meeting if requested by Staff.

**Budget to Perform These Services**

Kennedy and Associates proposes a budget for consulting services of \$48,700. Expenses for this project will be in addition to the budget for consulting services, and will not exceed \$1,100. We will bill for our services based on our standard billing rates, which are attached to this letter. We will bill only for actual hours worked at the specified hourly rates and actual expenses incurred. Our bills will not exceed the total services and expense budgets based on the scope of work outlined in this proposal. Furthermore, we acknowledge that any expenses charged will be within the Commission's standard expense allowances.

It should be noted that our budget includes direct testimony on the issues in the case and appearance at a single hearing to stand for cross-examination on our direct testimony. If additional services are necessary that are outside the scope of this proposal, we will be pleased to work with the Staff to determine the scope of those services and to obtain authorization to increase our budget for the increase in scope.

**Kennedy and Associates Qualifications**

Mr. Lane Kollen, Vice President, CPA, CMA, CGMA will manage this project. He will be assisted by other Kennedy and Associates personnel as appropriate, including Mr. Randy Futral and Mr. Richard Baudino. Each of these individuals has more than 20 years of experience working in the utility industry. Our experience is described in more detail in the Qualifications package provided along with this letter proposal. The Qualifications package includes detailed resumes for each member of the team, which provide a listing of all expert testimonies and subject matters.

**Kennedy and Associates No Conflicts of Interest**

Kennedy and Associates has no known conflicts of interest in representing the Louisiana Public Service Commission in this proceeding. Kennedy and Associates historically has not and presently does not represent pipelines, producers, or shippers.

Thank you for the opportunity to provide consulting services to the Commission Staff on this important project. Please call or e-mail me at [lkollen@jkenn.com](mailto:lkollen@jkenn.com) with any questions or comments.

Sincerely,

Lane Kollen  
Vice President
