Re: Review of EGSL Gas 2015 Rate Stabilization Plan Filing.

Dear Brandon,

Henderson Ridge Consulting is pleased to respond to your February 10, 2016 solicitation letter that requests the services of a consultant to assist the Staff of the Louisiana Public Service Commission (“LPSC” or “the Commission”) in its review of the annual Rate Stabilization Plan (“RSP”) filing submitted by Entergy Gulf States Louisiana, L.L.C. (“EGSL” or “the Company”).

Henderson Ridge Consulting is very familiar with the Entergy operating companies, including EGSL. We have performed audits of the Company’s monthly Purchased Gas Adjustment filings on behalf of the Commission. With respect to EGSL’s 2015 RSP filing, we will conduct a comprehensive review of the reported test year earnings and determine whether or not the revenue requirement, cost allocation and rate of return are consistent with the terms of the RSP as approved by the Commission in its Order No. U-32425.

Our firm has conducted several engagements on behalf of the Commission that have involved the major local gas distribution companies under its jurisdiction. We have recently assisted Staff in the Rate Stabilization Plan filings of the two CenterPoint Louisiana regulatory divisions. We are currently working with Staff in the evaluation of CenterPoint Entex’s request to amend an existing Asset Management Agreement. We have also conducted audits of the PGA filings submitted by the two Louisiana regulatory divisions of Atmos Energy Corporation.

Henderson Ridge Consulting is experienced in analyzing the operations and the books and records of gas local distribution companies, electric utilities, telecommunications carriers, and water and sewer companies under the jurisdiction of the Louisiana Public Service Commission. This experience covers (1) appropriate accounting standards and

practices for utilities, (2) appropriate ratemaking adjustments to the utility's accounting records, (3) appropriate allocations of costs to base rates and fuel charges and allocation of investment and expenses among affiliates, (4) recoverable expenses for ratemaking purposes, (5) utility tax issues and (6) cost of capital and capital structure issues. A firm resume has been attached to our proposal in order to provide more detailed information on our qualifications.

Henderson Ridge Consulting anticipates that the review of EGSL's 2015 RSP filing can be conducted in a cost-effective manner. It is estimated that the comprehensive review will require a total of 215 hours. The professional fees for the project are estimated at \$32,250.00 based upon an hourly rate of \$150 for William Barta. Travel-related expenses are anticipated to be \$1,200.00 for a total project budget of \$33,450.00.

Henderson Ridge Consulting has no current assignments, or any prior assignments, that could pose any conflicts of interest, or the appearance of such conflicts, including, but not limited to, any work performed on behalf of the Louisiana Public Service Commission.

Henderson Ridge Consulting appreciates the opportunity to respond to your solicitation letter and to continue our relationship with the Commission and its Staff.

Sincerely,

William Barta
Principal
