## **BECi Restores Power to 19,500 Meters**

*Continues to energize southern substations*

**DeRidder** — As of 2:00 PM, September 14, BECi has restored power to 19,500 meters. There are still 23,373 meters without power. We have 1,200 linemen working in every part in our service area. As we enter the third week of power restoration, our 4-5 week estimation remains the same.

Remember, this is just an estimate and some members may be without power longer depending on the damage to their area. We are unable to give specific restoration times for specific areas.

Below is the breakdown of outage numbers per parish.

<b>Parish</b>	<b>Members Served</b>	<b>Total Number of Members Without Power</b>	<b>Total Number of Members Restored to Date</b>	<b>Percentage of Parish Still Out</b>	<b>Percentage of Parish Restored</b>
Allen	5509	2890	2619	52%	48%
Beauregard	14943	7899	7044	52%	48%
Calcasieu	12402	10294	2108	83%	17%
Evangeline	50	1	49	2%	98%
Jeff Davis	336	233	103	69%	31%
Rapides	1487	217	1270	14%	86%
Vernon	8172	1839	6333	22%	78%
<b>Total</b>	<b>42899</b>	<b>23373</b>	<b>19526</b>	<b>54%</b>	<b>46%</b>
