

LOUISIANA PUBLIC SERVICE COMMISSION

ENTERGY LOUISIANA, LLC, ENTERGY GULF STATES LOUISIANA, L.L.C. AND CLECO POWER LLC

MISO INTEGRATION TECHNICAL CONFERENCE

AGENDA FOR TECHNICAL CONFERENCE

The following is the Agenda for the Technical Conference scheduled for Friday, November 14, 2014 at 9:00 a.m. that was noticed on October 16, 2014. That Technical Conference will take place at the offices of the Louisiana Public Service Commission in the Pensacola Room, Galvez Building, 1st floor, 602 North Fifth Street (corner of North and Fifth Streets), Baton Rouge Louisiana. Further, a dial-in has been set up for this conference at 855-266-3111/Pin: 963852.

AGENDA

1. Comparison of the Fuel Adjustment Clause ("FAC") levels for each available month of 2014 to date with the FAC levels of comparable months for 2013, with explanations of differences, including effects of differences in natural gas commodity prices over these periods.
2. Information regarding amounts recovered under MCRM cost recovery mechanism riders (for ELL and EGSL) for each month of 2014.
3. Information regarding Cleco's recovery of market settlement system control and dispatch, administration, transmission settlement administration and letter of credit fees.
 - Where recovered (FAC?).
 - Amounts recovered for each month of 2014.
4. Status of recovery of integration and implementation costs.
5. Integration status reports and monitoring reports.

6. Bidding principles, practice, protocols for bidding units in MISO markets (to the extent non-confidential).
7. Evaluation of any gas supply issues for generating units post-integration.
8. LMP prices each month for ELL, EGSL, and Cleco Load Zones by month and comparison to MISO average prices. Include an update on the relatively high LMP price situation in Western WOTAB for the early summer months of 2014.
9. Retail rate impacts of MISO participation (include fuel/net MISO bill); comparison to 2013.
10. Impacts of counterflow ARR assignments.
11. MISO reserves.
 - Projections for future year.
 - MISO plans to address shortfalls.
12. MISO curtailment rules.
13. Transmission projects to be built (including Baseline Reliability, MEP, and Other).
14. Update on the MISO VLR study.
15. Utility generation and supply mix post-MISO integration as compared to pre-integration.
16. QF issues.
 - BTM v. hybrid.
 - QF put levels post-integration.
 - Entergy's filing in QM14-3-000.
17. Anticipated coal plant retirement in MISO and impact on resource adequacy.
 - Effects of 111(d) rules.
18. Status of SRPBC and hurdle rate.
 - Impact of SRPBC.
 - Costs associated with SRPBC and hurdle rate.

19. Next Steps and Closing Remarks.

If you are disabled and need special accommodations at the technical conference, please contact the Legal Division at (225) 342-9888 at least five days prior to the conference.
