

Cleco provides restoration updates

PINEVILLE, La. – Sept. 2, 2021 (6 p.m.) – Cleco crews continue damage assessments and restoration efforts in St. Tammany and Washington parishes following Hurricane Ida.

Distribution damage to date by the numbers*

Poles	Transformers	Crossarms	Spans of Wire Down	Trees on Wire
472	411	1,433	5,137	3,945
<i>*Numbers increasing as damage assessments continue.</i>				

Restoration Estimates

Below are estimated times for restoration (ETR). Additional ETRs will be shared, as they become available. Please note that unexpected damage or inclement weather could impact restoration efforts and timelines. With the large number of crews working to restore power, sometimes repairs can be made before the assessment and estimate are documented.
