Non-certified funds will be returned creating a delay in processing your registration. If you are submitting funds via wire transfer, ACH transfer, or credit card payment, be sure to follow the instructions provided, and include a copy of the email notification with the original completed application.**
4. The LPSC DNC Program General Order can always be found in the Do Not Call section of our website, <http://lpsc.louisiana.gov/dnc>. During registration, of special interest to solicitors will be the change that makes the originally required surety bond or letter of credit now an optional submission, and **NOT** a requirement for registration.
5. The LPSC Do Not Call Program registry database allows only **one** Designated Contact. This is the only person that will be allowed to make changes to your company information. This Designated Contact Person is responsible to keep their contact information correct, and all information regarding emergency and deployment contacts accurate. If circumstances prevent the Designated Contact Person from fulfilling their duties, the company may assign a new Designated Contact Person by submitting a written request on company letterhead. The request should include reasons that the original Designated Contact Person can no longer represent the company, and contact information for the new Designated Contact Person. In addition, the deployment email address and the designated emergency email address should also be reconfirmed at this time.
6. The LPSC Do Not Call Program registry database only allows **one** deployment email address and only **one** emergency email address. Please do not request multiple distribution addresses for these designations. If more than one is provided, only the first address will be used.
