Appendix A: Resumes of UPC Professionals Assigned to RFP 25-13

Executive Summary

United Professionals Company, LLC (“UPC”) is pleased to submit its response to the Louisiana Public Service Commission’s (“LPSC” or “Commission”) Request for Proposals (“RFP”) 25-13 for an Outside Consultant. We hope to have the opportunity to assist the Commission and Commission Staff (“Staff”) with the integrated resource planning (“IRP”) process of Cleco Power, LLC (“Cleco Power”), Entergy Louisiana, LLC (“ELL”), and Southwestern Electric Power Company (“SWEPCO”) pursuant to the IRP Rules attached to General Order (Corrected) dated August 28, 2024 (the “Application(s)” or these “Dockets”).

Pursuant to the IRP Rules, both Cleco Power and ELL have filed correspondence requesting to initiate its 2025 IRP process. Both of these matters were published in the Commission’s Official Bulletin #1362 dated November 7, 2025 and assigned docket numbers I-37765 and I-37764 for Cleco Power and ELL, respectively. SWEPCO also intends to file its correspondence to initiate its 2025 IRP process in December 2025, which will also be published in a subsequent Commission bulletin.

Cleco Power and SWEPCO’s IRPs are anticipated to follow the procedural schedule set out in the IRP Rules. However, ELL has provided notice that it anticipates a deviation from the schedule found in Section 10 of the IRP Rules to conduct a survey of interested stakeholders to gather feedback prior to filing data assumptions. Commission Staff is aware of, and amendable to, ELL’s deviation, which will result in a two-month deviation from the timing of three events in ELL’s IRP schedule.

UPC has a team of regulatory, utility finance, and economics professionals and consultants, the members of which were specifically selected for their ability to serve the needs of the LPSC. As a Louisiana firm, we take great pride in any and all work that we do that benefits the people of our state, and we believe this Docket provides just such an opportunity. Our team of professionals and consultants consists of individuals with tremendous qualifications. These professionals have a vast amount of experience assisting Staff in dockets involving ratemaking, utility accounting standards and adjustments, cost-of-service and cost allocation methodologies, determination of rate base, cost of capital, riders, Formula Rate Plan reviews, storm cost recovery securitization transactions, resource planning, monitoring of utility-led RFPs pursuant to the Commission’s Market Based Mechanisms (“MBM”) Order, audits of Fuel Adjustment Clauses (“FAC”) and Purchased Gas Adjustments (“PGA”), LPSC rulemakings, and other regulatory issues.

UPC has previously served as outside consultant to the Commission during prior IRP processes by Cleco Power, ELL, and SWEPCO in Docket Nos. I-33013 (SWEPCO 2013), I-34693 (Cleco Power 2017), I-34694 (ELL 2017), and I-34715 (SWEPCO 2017). Additionally, UPC is presently

serving as outside consultant to the Commission in Docket No. I-37225 related to Cleco Power's 2025 Interim IRP.

UPC is prepared to assist Staff in facilitating and advancing the Schedule of Events found in the IRP Rules (including the deviations proposed by ELL to its Schedule of Events). Specifically, UPC is prepared to assist Staff in holding technical conferences, drafting comments, drafting and responding to discovery as appropriate, preparing direct and cross-answering testimony if necessary, drafting and rendering a report on the IRP process, reviewing and analyzing stipulation terms, testifying before an administrative law judge and be cross-examined (if necessary), and conducting informal meetings with the parties and Commissioners. For ELL's proposed Schedule of Events, UPC is prepared to review and potentially participate (as a spectator) in the stakeholder feedback survey. However, UPC understands that Staff will ultimately determine how tasks will be carried out, including the setting of internal deadlines if necessary to ensure all work is completed timely, and that the scope(s) of work shall continue through the conclusion of the dockets through a Commission determination at a B&E or B&Es. UPC further acknowledges that contested hearing(s) may arise if there are disputed issues pursuant to Event 12 of the Schedule of Events of the IRP Rule.

Based on UPC's above-described review of the solicitation, scope, and related filings, UPC proposes a total budget for the Commission's consideration for the scope of representation presented in the RFP not to exceed \$150,000, including \$147,000 in professional fees and \$3,000 in expenses.

UPC is submitting its total not to exceed budget as one proposal of total fees and costs as allowed for in Section V of the Commission's RFP. In the avoidance of doubt, UPC's total not to exceed budget of \$150,000 (\$147,000 in professional fees and \$3,000 in expenses) covers UPC's scope of services to be provided for all three IRP proceedings, including the Schedule of Events for Cleco Power, SWEPCO, and ELL to a Commission determination on each at a B&E or B&Es.

Further, UPC acknowledges that its total not to exceed budget considers that a contested hearing(s) may arise if there are disputed issues pursuant to Event 12 of the Schedule of Events of the IRP Rule during Cleco Power, ELL, and/or SWEPCO's IRP process.

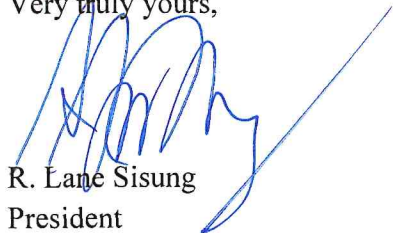

UPC's LPSC discounted hourly rates for this proposal range from \$60 to \$303 annually adjusted by CPI. UPC will only submit expenses as allowed by Commission rules.

UPC will only charge for work performed and such work will be monitored by the LPSC Staff. If less time is expended than was used to estimate the "not to exceed" budget, then the total fees charged will be lower, as the Commission will only be billed for the actual work performed and

expenses incurred in this Docket. However, if more time is expended on the proposed scope than was budgeted, UPC is capped at its proposed "not to exceed" budget amount.

Our professionals are excited about the opportunity to serve the Commission as an Outside Consultant in this Docket. UPC's local presence offers the LPSC the benefits of geographic proximity and a wealth of institutional knowledge. The multifaceted financial qualifications and experience offered by UPC's staff of regulatory and utilities finance experts and consultants best position us to provide the Commission with the most extensive and comprehensive service. For more information on our knowledge and experience, please contact the client references that we have provided.

Very truly yours,

A handwritten signature in blue ink, appearing to read "R. Lane Sisung", is written over the typed name and title. The signature is stylized with a large, sweeping initial "R" and a long, horizontal stroke extending to the right.

R. Lane Sisung
President

A. QUALIFICATIONS AND EXPERIENCE

1. The Sisung Group

UPC is a member of the New Orleans, Louisiana-based Sisung Group, which is comprised of related companies that provide investment banking, asset management, venture capital and business consulting and development services to corporations, individuals, institutions and governmental agencies.

- **United Professionals Company (“UPC”)** offers financial consulting, transaction structuring, business development, real estate development, and revenue and cash flow development services to clients operating in the public, private and non-profit sectors. UPC specializes in the areas of public utility financial and accounting analysis, mergers and acquisitions consulting, healthcare revenue maximization, public infrastructure and facilities development, energy efficiency and project management services.
- **Sisung Securities Corporation (“SSC”)** is a full-service investment banking firm that offers a range of services, including equity and fixed income underwritings, financial advisory services and securities brokerage services in addition to other related financial services. Clients served include public, corporate, retail and institutional entities. SSC is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA), the Municipal Securities Rulemaking Board (MSRB) and the Securities Investor Protection Corporation (SIPC).
- **Sisung Investment Management Services (“SIMS”)** provides investment advisory services to corporate and public institutions, as well as to high net worth individuals. SIMS is an investment advisor registered with the Securities and Exchange Commission (SEC).
- **Sisung Capital** provides alternative financing products to small and medium-sized businesses, thus positively impacting economic development in the communities in which it invests. Sisung Capital invests capital and resources in companies in need of funding for growth and profitability. As a licensed Louisiana Capital Company (“CAPCO”) and Business and Industrial Development Corporation (“BIDCO”), Sisung Capital has primarily focused its investments in Louisiana. By leveraging State tax credit incentive programs, Sisung Capital has assisted start-up and expanding Louisiana businesses in raising and investing over \$25 million dollars in communities throughout Louisiana. Sisung Capital has worked with Company operating in a wide variety of industries including: telecommunications, print manufacturing, construction, weatherization services, oil & gas, healthcare, media and government services sectors.

Unlike most financial firms which focus solely on financial matters, UPC and its affiliated Sisung Group companies have extensive experience in a broad range of financially related areas involving state and local governments

As demonstrated by the above, our professionals are highly experienced in multifaceted areas, including financial analysis, program design, government relations, legislative advocacy, policy initiatives, financing transactions, and legal and regulatory budgeting, planning, and administration.

More information on The Sisung Group is also available at www.sisung.com.

2. United Professionals Company

UPC, which operates the Sisung Group's non-regulated financial advisory and consulting activities, provides clients operating in the public, private and non-profit sectors with a broad range of services from its Louisiana based offices. These services include, but are not limited to financial analysis, transaction structuring, business plan development, real estate development, and revenue maximization. UPC's public sector clients include state governments, parish and county governments, cities, towns, state utility regulatory authorities, school districts, hospitals, levee districts, housing authorities, universities, port authorities, law enforcement districts, charter schools and more.

UPC has extensive experience in a broad range of financially-related areas involving state and local government throughout Louisiana. UPC's dedicated and accomplished staff includes individuals with backgrounds as diversified as:

- Investment Bankers
- Securities Traders
- Financial Analysts
- Attorneys
- Certified Public Accountants
- Regulatory Economists
- Published Authors
- MBAs

Our professionals are highly educated, experienced, and published in multidisciplinary areas including:

- Financial Analysis
- Asset Acquisitions
- Program Design
- Program Management
- Policy Initiatives
- Government Relations
- Legislative Advocacy
- Financing Transactions
- Regulatory Budgeting, Planning, and Administration

Successfully utilizing the strengths, talents and expertise of our seasoned professionals, we are able to provide customized, quality service to our clients. Our professionals have represented local, state and federal issuing authorities, cities, parish and county governments, hospital districts, 501(c)(3) corporations, state agencies, state governments and commissions, and corporations.

As a specialty branch of these financial advisory and consulting services, UPC has built a team of regulatory and utility finance and economics professionals, the members of which were specifically selected for their ability to serve the needs of the LPSC. Members of the UPC team have an extensive experience analyzing the operations, books, and records of utility companies, for the purpose of setting just and reasonable rates, including, but not limited to, calculation of rate base, rates of return, capital structure, formula rates/rate stabilization plans. We have detailed knowledge and experience regarding Louisiana regulatory law and ratemaking principles. UPC's team of consultants all have direct experience with LPSC policies, rulemakings and jurisdictional issues, applicable Commission and federal regulations, as well as the following:

1. Detailed understanding of electric and natural gas utility regulation;
2. Detailed understanding of the major functional areas of a regulated utility;

3. Analyzing the operations, books, and records of utilities;
4. Appropriate accounting standards and practices for electric and natural gas utilities, public utility accounting, and generally accepted auditing standards;
5. Appropriate ratemaking adjustments to be made to a utility's accounting records;
6. Appropriate adjustments, allocation among customer classes, and rate design;
7. LPSC and FERC approved cost-of service methodologies for utilities;
8. Depreciation and taxation, including utility taxation related to securitization;
9. Cost-of-service and cost allocation methodologies and mechanisms supporting the revenue requirements among classes of customers;
10. The determination and calculation of the appropriate rate base of a utility plant investment dedicated to providing service;
11. Practice of setting just and reasonable rates, including, but not limited to, the calculation of rate base, rates of return, capital structure, formula rates, cost recovery via riders;
12. Cost of capital, including capital structure, cost of debt, cost of equity, rates of return, and the ability to conduct a cost of capital study;
13. Rate design;
14. Cost allocation methodologies for the allocation of investment and expenses between affiliates, including the relationship of the holding company to its subsidiary operating companies, the transfer of investment and costs between operating companies, and the provision of services between affiliates;
15. Just and reasonable costs and prudent investments associated with providing safe, reliable, and quality service as recommended by NARUC;
16. Storm damage reserve accounting;
17. Prior LPSC Orders involving securitized debt;
18. Louisiana Electric Utility Energy Transition Securitization Act, as amended, codified at La. R.S. 45:1271-1281;
19. Alternative sources of funds to offset hurricane damage costs such as insurance proceeds, governmental aid, and income tax benefits;
20. Securitization requirements and procedures and the ratemaking treatment of the benefits of securitization;
21. LPSC's Market-Based Mechanism ("MBM") Order and its 1983 General Order, as amended;
22. LPSC Rules and Orders pertaining to the RFP process and acquisition of power supply resources;
23. Principles associated with resource acquisitions and the competitive process, including but not limited to analyzing utility resource needs and whether the considered resource(s) is able to meet those needs (including but not limited to renewable and/or solar resources);

24. Whether or not a resource will provide reliable service at the lowest reasonable cost;
25. Public interest criteria for approval of resources and purchase power contracts;
26. Public interest criteria for approval and monitoring of electric generating facility projects;
27. LPSC rules on affiliate transactions and cost recovery mechanisms for power supply resources;
28. LPSC's Minimum Capacity Obligation ("MCO") Order (Commission General Order dated July 16, 2024 in Docket No. R-36263);
29. Resource planning methods to improve the efficiency of a utility's power supply operations and whether the utility is making use of any such methods;
30. The Commission's IRP Rules;
31. Policies related to energy efficiency, distributed generation, and transmission and their applicability to resource planning;
32. LPSC General Order dated November 6, 1997 in Docket No. U-21497 regarding fuel cost recovery;
33. LPSC General Order dated March 24, 1999 ("PGA Order");
34. Specific adjustments allowed by the Commission to be flowed through a utility's PGA;
35. Familiarity with prior cost recovery filings with the LPSC;
36. MISO tariffs, rules and planning processes, generally, and specifically related to resource adequacy planning processes and use of Zonal Resource Credits ("ZRCs"), specifically Local Resource Zone ("LRZ") 9, but not necessarily limited to LRZ 9;
37. SPP tariffs, rules, and planning processes, generally; and,
38. Each of Cleco Power, ELL, and SWEPCO's rate structures and formula rate plans.

UPC's team of regulatory and utility finance and economics professionals is well qualified to provide the services that the LPSC has requested in Request for Proposal 25-13. Our organization has an extensive amount of practical experience in the field of public utility practice that includes similar practice before the LPSC and other regulatory agencies, and a vast knowledge of Louisiana ratemaking standards and regulatory law. All members of our team are experienced in participating in cases involving public utility regulation, or other regulatory issues on administrative and judicial levels, including the presentation of direct testimony or report and recommendations, assistance in developing cross examination of adverse witnesses, and the analysis of comments and exceptions to proposed recommendations. Our team of professionals has significant experience in the presentation of recommendations involving public utility regulation and other regulatory issues on administrative and judicial levels. Our professionals have practiced before, and acted as expert witnesses in complex cases before, regulatory agencies such as the LPSC, Securities and Exchange Commission ("SEC"), the Federal Energy Regulatory Commission ("FERC"), and the Financial Industry Regulatory Authority ("FINRA"). The attorneys who work in-house for UPC have been published on topics covering a wide range of law.

Collectively, the UPC professionals possess a full understanding and ability to assist Commission Staff in reviewing the issues related to this Docket. Indeed, the combination of our team members' educational backgrounds, achievements, specific expertise, and prior experience serving the Commission best positions us to provide the LPSC and Staff with the most extensive and comprehensive consulting services available to it on this Docket.

The resumes of some of our highly qualified professionals who could be assigned to assist the Commission in this matter are detailed in *Appendix A*. UPC reserves the ability to supplement its team, if necessary, in order to provide the Commission with the very best service on this Docket.

Some of the United Professionals Company's unique accomplishments include:

- Serving the Commission on *Docket No. U-33983 In Re: Docket No. U-33983 Review of Entergy Louisiana, LLC's Motion for Extension of Gas Rate Stabilization Plan* by assisting the Commission's Legal Staff by conducting a review of Entergy Louisiana, LLC's Motion for Extension of Gas Rate Stabilization Plan, and assisting with the review of Annual Evaluation Reports for each of the three proposed test years.
- Serving the LPSC on Commission on *Docket No. U-34434, Atmos Energy Corporation, ex parte. In re: 2016 Rate Stabilization Clause filing for Louisiana Gas Rate Division*, by assisting Staff in reviewing Atmos's Gas Rate Stabilization Clause Filing for the Trans Louisiana Rate Division.
- Serving the LPSC on Commission on *Docket No. U-34343, Atmos Energy Corporation, ex parte. In re: 2016 Rate Stabilization Clause filing for Trans Louisiana Gas Rate Division*, by assisting Staff in reviewing Atmos's Gas Rate Stabilization Clause Filing for the Trans Louisiana Rate Division.
- Serving the Commission on *Docket No. U-33925, Atmos Energy Corporation, ex parte. In re: 2015 Rate Stabilization Clause filing for Trans Louisiana Gas Rate Division*, by assisting Staff in reviewing Atmos's Gas Rate Stabilization Clause Filing for the Trans Louisiana Rate Division.
- Serving as an independent technical consultant in *Docket No. I-33013, Southwestern Electric Power Company, ex parte. In re: 2013 Integrated Resource Planning process for SWEPCO pursuant to General Order dated April 20, 2012*, by assisting the LPSC in reviewing and evaluating the Company's integrated resource plan filings, including comprehensive sets of potential resource options, supply-side, demand-side and economic transmission resource options, to determine a base or "reference resource" plan that offers the most economic and reliable combination of resources satisfying the forecasted load requirements.
- Serving as an independent technical consultant in *Docket No. I-34715, In re: Request to Initiate the Integrated Resource Plan process pursuant to the General Order dated April 20, 2012*.

- Serving the Commission through assisting Commission Staff in participating in and monitoring the Southwestern Power Pool related matters.
- Serving as an independent technical consultant in Docket No. U-34619, *In re: Application of Southwestern Electric Power Company (SWEPCO) for Expedited Certification and Approval of the Acquisition of Certain Renewable Resources and the Construction of a Generation Tie Pursuant to the 1983 and/or 1994 General Orders.*
- Serving the Commission in Docket No. U-35324, *Application of Southwestern Electric Power Company (SWEPCO) for Certification and Approval of the Acquisition of Certain Renewable Resources and the Construction of a Generation Tie Pursuant to the 1983 and/or 1994 General Orders.*
- Serving the LPSC on Commission on LPSC Docket No. U-33434 *Joint Application of Cleco Power, LLC and Cleco Partners L.P. for: (i) Authorization of the Change of Ownership and Control of Cleco Power LLC and (ii) Expedited Treatment*
- Serving the LPSC on Commission on LPSC Docket No. U-33848 *Cleco Power LLC Formula Rate Plan June 2015 Monitoring Report*
- Serving the LPSC on Commission on LPSC Docket No. U-34289 *Cleco Power LLC Formula Rate Plan – June 2016 Monitoring Report and pursuant to U-32507 Prudence Review of Cleco’s Installation of MATS Emissions Control Equipment at Dolet hills Power Station, Rodemacher Power Station Unit No. 2, and Madison Unit No. 3*
- Serving the LPSC on Commission on LPSC Docket No. U-34617 *Application of Cleco Power LLC requesting Commission consideration of a Proposed Physical Bilateral Hedge Program, pursuant to General Order R-32975*
- Serving the LPSC on Commission on LPSC Docket No. U-34974 *In Re: Application of Cleco Corporate Holdings LLC and Cleco Power LLC for (i) Authorizations, Waivers, and Regulatory Interpretations of Certain Provisions of LPSC Order No. U-33434-A; (i) Authorization for Cleco Corporate Holdings, LLC to Pledge its Ownership Interest in Cleco Power LLC; and (iii) Expedited Treatment*
- Serving the LPSC on Commission on LPSC Docket No. U-35049 *Cleco Power LLC, LPSC Docket U-35049, In Re: June 2018 Monitoring Report - Application of Cleco Power LLC for: (i) Authorization to Implement Rate Reductions resulting from the Tax Cuts and Jobs Act of 2017; (ii) Authorization to Modify Certain Tariffs in connection with such Rate Reductions; (iii) Authorization to Implement Residential Base Revenue Decoupling; and (iv) Expedited Treatment*
- Serving the LPSC on Commission on LPSC Docket No. U-34687 *Cleco Power LLC Formula Rate Plan- June 2017 Monitoring Report*
- Serving the LPSC on Commission on LPSC Docket No. U-32631 *Application of Cleco Power LLC for: (i) public interest finding in favor of the transfer of functional control of certain transmission assets to the Midwest Independent Transmission System Operator, Inc.*

- Serving the LPSC on Commission on LPSC *Docket No. U-34501 Cleco Power LLC, ex parte. Application Regarding the Costs and Benefits of Continued Participation in the Midcontinent Independent Systems Operator, Inc. Regional Transmission Organization*
- Serving the LPSC on Commission on FERC *Docket No. EC18-63 Joint Application for Order Authorizing Disposition of Jurisdictional Facilities Under Section 203 of the Federal Power Act of the Cleco and NRG Applicants*
- Serving the LPSC on Commission on FERC *Docket No. ER17-1368 Cleco Power, LLC System Support Resource (“SSR”) Payment for Teche Power Station Unit 3*
- Serving as an independent technical consultant in *Docket U-33244 Entergy Louisiana, LLC and Entergy Gulf States Louisiana, LLC, ex parte, In re: Submission of Business Combination Study regarding potential business*
- Serving the Commission as an independent outside consultant on *Docket No. U-33605 Joint Application of Entergy Gulf States Louisiana, L.L.C. and Entergy Louisiana, LLC. for Certification of the Louisiana Economic Transmission Project in Accordance with Louisiana Public Service Commission General Order dated October 10, 2013 in Docket No. R-26018*
- Serving the Commission as an independent outside consultant on *Docket No. U-33645 Application of Entergy Gulf States Louisiana, L.L.C. for Certification of the Lake Charles Transmission Project in Accordance with Louisiana Public Service Commission General Order dated October 10, 2013 in Docket No. R-26018.*
- Providing written and live testimony before the Commission to address and advise the Commission regarding the securitization bonds issued by Entergy Louisiana Investment Recovery Funding I, L.L.C., the designated special purpose entity created by ELL for recovery of the costs related to the Little Gypsy 3 repowering project, and the Commission's issuance of a financing order issued under Louisiana's 2010 enabling legislation, as codified in LA. R.S. 45:1251-1216 (“Entergy Little Gypsy Securitization Docket”)
- Acting as outside consultant to the Commission in reviewing issues related to the evaluation of the proposed transfer of transmission assets in *Docket No. U-32538- Entergy Louisiana, LLC, Entergy Gulf States Louisiana, LLC, Mid South TransCo LLC, Transmission Company Louisiana I, LLC, Transmission Company Louisiana II, LLC, ITC Holdings Corp. and ITC Midsouth LLC, ex parte. In re: Joint Application for Approval of Change of Ownership of Electric Transmission Business, for Certain Cost-Recovery Adjustments, and for Related Relief and the related dockets before the Federal Energy Regulatory*
- Acting as outside consultants to the Commission in reviewing issues related to the evaluation of *Docket No. 32707- Entergy Gulf States, LLC, In re: Application for Authority to Change Rates, Approval of Formula Rate Plan and for Related Relief and Docket No. 32708- Entergy Louisiana, LLC, In re: Application for Authority to Change Rates, Approval of Formula Rate Plan and for Related Relief*

- Performing financial analysis and rendering testimony on the proposed issuance and securitization of storm recovery bonds, under La. R.S. 45:1331-1328, for permanent rate-financed recovery of system restoration costs related to Hurricanes Isaac and the replenishment of storm reserve escrow accounts in *Docket No. U-32764 Energy Gulf States Louisiana LLC and Energy Louisiana LLC, ex parte. In re: Joint Application for Recovery in Rates of Costs Related to Hurricane Isaac, Determination of Appropriate Storm Reserve Escrow Amounts and Related Relief*
- Serving as an independent outside consultant to the Commission in *Docket No. U-34289, Cleco Power LLC, ex parte. In re: Formula Rate Plan-June 2016 Monitoring Report*
- Serving as an independent outside consultant to the Commission in *Docket No. U-33848, Cleco Power LLC, ex parte. In re: Formula Rate Plan-June 2015 Monitoring Report*
- Serving as an independent outside consultant to the Commission in *Docket No. U-33434, Joint Application of Cleco Power, LLC and Cleco Partners, L.P. for: (I) Authorization for the Change of Ownership and Control of Cleco Power, LLC and (II) Expedited Treatment*
- Serving the Commission as an independent outside consultant on *Docket No. U-33510 Entergy Gulf States Louisiana, LLC's Upcoming Filing Regarding Acquisition of two power blocks located at Union Power Station*
- Serving the Commission through assisting Commission Staff in participating in and monitoring the Midcontinent Independent System Operator, Inc., Organization of MISO States, and Entergy Regional State Committee related matters
- Serving as an Outside Technical Consultant in *Docket No. R-26968-LPSC, ex parte, In re: Review of the General Order Dated March 12, 1999*
- Serving the Commission on *Docket No. R-32975-LPSC, ex parte, In re: Examination of long-term natural gas hedging proposals, by assisting in: determining whether it is in the public interest for LPSC-jurisdictional investor owned utilities to accept long-term (five, seven, ten and fifteen year), fixed-price hedging proposals for natural gas supply contracts, and if so, determining and/or developing an appropriate methodology for expedited, streamlined Commission approval of such contracts*
- Serving as an independent outside consultant to the Commission in *Docket No. U-33848, Cleco Power LLC, ex parte. In re: Formula Rate Plan-June 2015 Monitoring Report*
- Serving as an independent outside consultant to the Commission in *Docket No. U-33434, Joint Application of Cleco Power, LLC and Cleco Partners, L.P. for: (I) Authorization for the Change of Ownership and Control of Cleco Power, LLC and (II) Expedited Treatment*
- Serving the Commission on *Docket No. U-33974 Entergy Gulf States Utilities, L.L.C. ex parte. In re: 2015 Rate Stabilization Plan Filing, by assisting Staff in reviewing EGSL's Gas Rate Stabilization Plan Filing*
- Serving the Commission on *Docket No. R-32138-Wastewater Treatment Systems & Operations, LLC, ex parte. in relation to the request for an increase in water and wastewater*

rates by assisting in reviewing, documenting and verifying the upgrades that Wastewater Treatment Systems & Operations, LLC has stated it has made in filings in the above-captioned docket

- Design and administrative management of a statewide financing and construction program for the Louisiana Community and Technical College System (“LCTCS”) including budgeting, accounting, financial advisory services for bond issues, construction fund investment management, board presentations, and other administrative services

As demonstrated by the above, our professionals are highly experienced in multifaceted areas, including financial analysis, program design, government relations, legislative advocacy, policy initiatives, financing transactions, and legal and regulatory budgeting, planning, and administration.

Response to Louisiana Public Service Commission Request for Proposals for an Outside Consultant

Provided below is a list of five (5) references who can speak on behalf of the United Professionals Company's abilities, integrity, and professional reputation in acting as financial advisor to a private or governmental entity.

Client	Lead Contact	Telephone

Terrebonne General Health System	Diane Yeates COO	(985) 873-4640
Louisiana Public Service Commission	Eve Kahao Gonzalez Former Secretary	(225) 505-6161

B. PLAN OF ACTION

We are fully prepared to assist the Commission and Staff with the integrated resource planning process of Cleco Power, ELL, and SWEPCO pursuant to the IRP Rules. The Commission's RFP estimates that the time anticipated to complete the Scope of Representation is approximately 24 months. However, UPC understands that this is merely an estimate and that the Commission makes no representations as to its accuracy.

Following its review of the Commission's RFP, the contemplated Scope of Representation, and the IRP Rules (and Schedule of Events), UPC has tailored the below Plan of Action.

During the pendency of each utility's IRP process, UPC will generally assist Staff by:

- Reviewing each utility's initial correspondence;
- Hosting technical conferences;
- Drafting comments;
- Drafting, responding to, and analyzing discovery (as appropriate)
- Preparing direct and cross-answering (if necessary);
- Reviewing and analyzing stipulation terms;
- Testifying before an administrative law judge and be cross-examined;
- Conducting meetings (formal or informal) with parties and Commissioners;
- Reviewing and potentially participating (as a spectator) in ELL's stakeholder feedback survey; and,
- Taking any other actions necessary to facilitate and advance the orderly progression of each utility's IRP process.

Following a review of Cleco Power and ELL's correspondence in Docket Nos. I-37765 and I-37764, respectively, and considering each of their proposed Schedules of Events, UPC offers the below, specific Plan of Action:

- **Present to 1st Half of 2026 (January – June 2026)**
 - Review and potentially participate in ELL survey of stakeholders
 - Review each utility's data assumptions and studies to be performed
 - Conduct discovery on each utility's underlying assumptions, if applicable
 - Facilitate and/or participate on behalf of Staff in each utility's first stakeholder meeting, providing input, feedback, and suggesting alternative data assumptions and/or sensitivity cases
 - Prepare and file stakeholder feedback on behalf of Staff
 - Review feedback submitted by various stakeholders
- **2nd Half of 2026 (July – December 2026)**
 - Review each utility's Draft IRP Report

- Conduct discovery on each utility's Draft IRP Report, if applicable
- Facilitate and/or participate on behalf of Staff in each utility's second stakeholder meeting to discuss and provide input, feedback, and/or suggestions to each utility's Draft IRP Report
- **1st Half of 2027 (January – June 2027)**
 - Review each utility's Draft IRP Report and file comments on behalf of Staff.
 - Per the IRP Rules, while Staff's review is primarily intended to determine whether the utility has met the requirements of the IRP Rules, Staff shall not be limited by this and may provide additional comments as it deems necessary
 - Review other stakeholder comments to each utility's Draft IRP Report and incorporate into comments on behalf of Staff, if applicable
 - Review each utility's published Final IRP
- **2nd Half of 2027 (July – December 2027)**
 - Review stakeholder lists of disputed issues and/or alternative recommendations, if applicable
 - Work with Staff to determine whether Staff should recommend the Commission acknowledge the IRP as filed by each utility or recommend a resolution of disputed issues (and establish a procedural schedule to address such issues)
 - Assist Staff in participating in dispute resolution proceedings, if applicable

The above schedule is illustrative in nature and subject to change based on the ultimately adopted Schedules of Events, as well as SWEPCO's anticipated correspondence expected to be filed in December 2025. UPC fully understands that, if chosen, the Commission and its Staff shall have the right to determine how all tasks will be carried out, including the setting of internal deadlines if necessary to ensure all work is completed timely. UPC further understands that the Scope of Representation shall continue through the conclusion of the Docket, including Commission consideration at a B&E or B&Es.

If selected, our team of professionals would make ourselves available to participate in informal conference calls, meetings and conferences with the Commission and its Staff, and attend any Business and Executive Sessions that the Staff deems necessary through the conclusion of the Docket and a final Commission vote.

1. Methodology

The methodology that UPC proposes to utilize in serving the LPSC in this Docket leverages our team's in-depth understanding of Commission and state of Louisiana law and regulatory precedent, the regulatory process, and our team of specially-selected professionals' prior experience serving the LPSC on related issues.

2. Approach

If UPC is selected as the Commission's Outside Consultant, our team would actively work to ensure that the Commission and Staff are provided with any and all resources necessary to complete the scope of representation. The UPC approach uses a collaborative, standardized methodology that ensures efficiency, effectiveness, and proper controls. As such, detailed below is an outline of UPC's proposed approach for assisting the Commission Staff in the review and analysis of each utility's 2025 IRP process. UPC fully understands, however, that if chosen, the Commission and its Staff shall determine how the tasks will be carried out.

3. Workload Management and Distribution

UPC's staff utilizes a collaborative and fluid team approach. R. Lane Sisung will serve as the primary contact to the LPSC. Mr. Sisung and the team will remain in constant contact with Commissioners, Commission Staff, and intervening parties regarding any and all material matters so as to provide seamless coverage for the LPSC. Together, we will work with Commissioners, Commission Staff and intervening parties to assess needs, determine deliverables and timelines, coordinate our firm's resources, and schedule meetings with the LPSC and other parties to provide analysis and advice.

Mr. Sisung will draw upon our individual team members' expertise as needed for understanding and edification on individual issues. By assigning the proper specialist to individual issues as they arise, with Mr. Sisung acting as program administrator, we will be able to effectively meet LPSC's needs. All of this resource coordination will take place seamlessly.

We anticipate a close working relationship with the Commissioners and Commission Staff. All LPSC personnel will have Mr. Sisung and the rest of his team's contact information. Commissioners, Commission Staff, and parties will be encouraged to reach out to Mr. Sisung with any questions or concerns. We believe that our process ensures that the work products and deliverables will exceed the quality standards that the LPSC expects from the Outside Consultant awarded this contract. UPC fully understands, however, that if chosen, the Commission and its Staff shall determine how the tasks will be carried out.

C. COST PROPOSAL

UPC is pleased to submit the following cost proposal to the Commission for consideration.

Based on UPC's above-described review of the solicitation, scope, and related filings, UPC proposes a total budget for the Commission's consideration for the scope of representation presented in the RFP not to exceed \$150,000, including \$147,000 in professional fees and \$3,000 in expenses.

UPC is submitting its total not to exceed budget as one proposal of total fees and costs as allowed for in Section V of the Commission's RFP. In the avoidance of doubt, UPC's total not to exceed budget of \$150,000 (\$147,000 in professional fees and \$3,000 in expenses) covers UPC's scope of services to be provided for all three IRP proceedings, including the Schedule of Events for Cleco Power, SWEPCO, and ELL to a Commission determination on each at a B&E or B&Es.

Further, UPC acknowledges that its total not to exceed budget considers that a contested hearing(s) may arise if there are disputed issues pursuant to Event 12 of the Schedule of Events of the IRP Rule during Cleco Power, ELL, and/or SWEPCO's IRP process.

UPC proposes to use its LPSC discounted rates for this engagement which range from \$60 to \$303 and are adjusted annually for CPI as provided below.

These costs reflect our estimate of the travel and lodging costs of experts over the period of representation. Expenses would also be separately disclosed with proof of such expenses attached. UPC would request reimbursement for only those travel-related expenses that are actually incurred. Expenses, where applicable, would be billed in accordance with state authorized rates as specified in the Travel Policies and Procedures Memorandum issued by the State of Louisiana, Division of Administration in effect at the time such expenses are incurred ("Allowable Expenses"). Any expenses that exceed the Allowable Expenses would be borne by UPC, unless otherwise specified by the Commission

UPC will only charge for the work performed and such work will be monitored by the LPSC Staff. If less time is expended than was used to estimate the "not to exceed" budget, then the total fees charged will be lower, as the Commission will only be billed for the actual work performed and expenses incurred on this Docket. However, if more time is expended on the proposed scope than was budgeted, UPC is capped at its proposed "not to exceed" budget amount.

As the solicitation and scope of work contemplate a multi-year engagement, effective January 1, 2026, and annually thereafter (no later than January 31st) during the pendency of the proceedings

in this Docket, as applicable, UPC will adjust its standard and discounted hourly rates for each service provider charged for in this Docket by the previous twelve month average of the Consumer Price Index for All Urban Consumers—South Region (CPI-U), as available. Such rate changes will become effective for billing periods representing work performed starting January 1st through the remainder of the calendar year (i.e., bills rendered February through January). UPC will only adjust its hourly billing rates by CPI-U once per calendar year and will include such calculations on its February delivered bills for January hourly services. UPC will only adjust its hourly billing rates under circumstances where applying the previous twelve month average of CPI-U would result in an increase in its hourly rates. Further, UPC reserves the right to increase a particular consultant's hourly rate based on an individual professional's promotion, provided that no such increase would raise a rate above the \$303 highest rate proposed after any annual CPI-U adjustments. **Notwithstanding anything to the contrary, the total not to exceed labor budget proposed by UPC in these proceedings will not be adjusted and will remain \$147,000 in not to exceed professional fees for the Commission's consideration of each utility's 2025 IRP process.**

UPC understands that Staff would be able to request, and UPC would be required to provide, billing information at any time upon Staff's Request. Staff, working with UPC, would review all of the bills submitted for payment, including but not limited to conformity with the planning sessions and any amendments. UPC further understands that the Commission shall have the discretion to impose additional safeguards upon the potential bidders at the time such bids are put up for vote, and that it shall have the right to either accept such additional safeguards, or reject them and withdraw their bid. Further, at any time after UPC is selected and hired, the Staff and UPC may agree to further safeguards.

If selected, UPC bills would be rendered in strict accordance with the Commission's guidelines. UPC would only charge for actual hours of work performed and costs incurred. All UPC bills would be rendered monthly, and specifically identify and describe all work performed, the person performing such work, the time and charge for such work, and show the total amount billed to date and the authorized original estimate, in accordance with the Commission's August 4, 2004 General Order.

D. CONFLICTS OF INTEREST

United Professionals Company, LLC does not possess any conflicts of interest that would impair its ability to serve the Commission for the purposes of this RFP.

E. OTHER CURRENT REPRESENTATIONS

Below are outlined a list of other matters in which we currently represent the Commission:

1. UPC presently serves the Commission through assisting Commission Staff in participating in and monitoring the Midcontinent Independent System Operator, Inc., Organization of MISO States, and Entergy Regional State Committee related matters.
2. UPC also presently serves the Commission through assisting Commission Staff in participating in and monitoring the Southwest Power Pool.

F. CONCLUSION

UPC appreciates this opportunity to respond to the Commission's RFP to serve as an Outside Consultant to assist Staff in the review and analysis of the filings and issues in this Docket. As detailed in the sections above, UPC and its affiliated Sisung Group companies are multifaceted and have extensive experience in a broad range of financially-related areas involving state and local governments. Because we are a Louisiana firm, all of whose employees are Louisiana residents, we take great pride in any and all work that we do that benefits the people of our state, and we believe this project provides just such an opportunity.

UPC has built a team of regulatory and utility finance and economics professionals and consultants, the members of which were specifically selected for their ability to serve the needs of the LPSC in this Docket. Together, our team of professionals and consultants has a vast amount of specific knowledge and experience, which will allow us to work closely with the Commission and its Staff as an Outside Consultant on this Docket. The multifaceted financial qualifications and experience offered by UPC's staff of regulatory and utilities finance experts and consultants, combined with our in-depth understanding of Louisiana laws, regulations and local issues, best position us to provide the Commission with the most extensive and comprehensive service.

Our professionals have a distinctive style that encourages personal service, excellence and integrity. We believe that the combination of our professionals' experience, our local Louisiana presence, our national expertise, and our proven track record of nearly thirty years of exceptional quality and integrity in our dealings offers the Commission an excellent choice for an Outside Consultant to assist it in this Docket.

Response to Louisiana Public Service Commission Request for Proposals for an Outside Consultant

Appendix A: Resumes of UPC Professionals Assigned to RFP 25-13

ROBERT LANE SISUNG

Mr. Sisung earned a Bachelor of Science degree in Accounting from Louisiana State University. After graduation, he sat for and passed the Certified Public Accountant exam and subsequently attended Loyola University Law School where he earned a Juris Doctorate. After law school, Mr. Sisung earned an LL.M. in Tax Law from the University of Florida. Mr. Sisung is a fully licensed General Securities Representative, a licensed insurance agent in the state of Louisiana, and a member of the Louisiana State Bar.

Mr. Sisung has over two decades of experience in financial, real estate and investment transactions. His most recent projects include successful development and implementation of the Healthcare Finance Consulting and Financial Litigation Services/Regulatory Consulting business lines for the Sisung Group, where he specializes in providing consulting to regulators of utilities. The Sisung Group's work in these endeavors has produced hundreds of millions of dollars for the firms' clients and the state.

The Financial Litigation Services/Regulatory Consulting business line has primarily supported governmental entities in cases before tribunals. Mr. Sisung manages an array of regulatory and financial experts in coordinating a cohesive approach to providing expert witness services for complicated financial and regulatory matters. Mr. Sisung himself also provides expert testimony and assist in the creation of settlements and orders of judgment. His personal involvement in the representation of the LPSC has helped to provided critical and effective safeguarding of LPSC-jurisdictional rate payers.

Mr. Sisung's previous endeavors include the successful creation, development and implementation of the corporate finance and mergers and acquisitions operations of Sisung Securities Corporation; the creation and operations of Sisung Capital that include raising and investing millions of dollars in venture capital funds in Louisiana; the creation and operation of the Sisung Film Finance Division; and the growth and management of over \$1 billion dollars in assets under management in Sisung Investment Management Services. Mr. Sisung also manages and directs all Sisung Group real estate, project management, and business development projects including multi-facility capital infrastructure projects. Mr. Sisung sits on the investment committee for Sisung Investment Management Services, LLC and also serves as in-house counsel for the five companies that comprise the Sisung Group.

Mr. Sisung serves as the primary point of contact for the LPSC, and he will be responsible for coordinating and managing all of our firm's resources, including the direct provision of consulting and litigation services.

JONATHAN BOURG

Mr. Bourg holds a Bachelor of Science in Mechanical Engineering from Louisiana State University and a Juris Doctor, with honors, from Loyola University New Orleans College of Law. He is a member of the Louisiana State Bar Association.

Mr. Bourg has over a decade of experience in the regulated utility industry having formerly worked for Entergy Corporation in various regulatory roles including transmission policy, regulatory affairs, finance, and resource planning. His prior experience covers a wide array of utility-related matters, including generation resource and transmission certifications, regional transmission organization participation, tariff interpretation, and general regulatory policy. He also has an extensive background in regulated utility ratemaking, and he has provided testimony before the Louisiana Public Service Commission in numerous proceedings.

Prior to attending law school, Mr. Bourg served as a mechanical engineer at a 1750 MW power station located in the metro New Orleans area. During his time there, he was responsible for the engineering oversight of all rotating equipment, and he managed the successful overhaul of two 750 MW turbines.

Mr. Bourg also has former litigation experience, having practiced law for over six years. His litigation experience includes both trial and appellate work in a variety of complex commercial litigation matters, including electric utility certifications, nation-wide toxic tort litigation, insurance coverage disputes, and ad valorem tax valuations.

Mr. Bourg brings his years of diverse regulated utility, engineering, and litigation experience to the table in offering a wide breadth of knowledge and expertise in his role as Vice President, Regulatory Policy at UPC.

Mr. Bourg will serve the LPSC in this Docket by providing consulting services on an as needed basis.

JAKE CHAPMAN

John A. “Jake” Chapman holds a Master of Business Administration degree with a concentration in Finance and a Bachelor of Accountancy degree, both from the Joseph A. Butt, S.J., College of Business at Loyola University New Orleans.

As Vice President of Special Projects, Mr. Chapman is a member of the UPC team that provides regulatory consulting, litigation services, and expert testimony services to regulators of utilities.

Mr. Chapman is further charged with overseeing the expansion of venture capital projects through the group’s venture capital firm, Sisung Capital, a licensed Louisiana Capital Company (CAPCO) and Business and Industrial Development Corporation (BIDCO) primarily focusing on investments in Louisiana. Mr. Chapman also assists in the operations and development of Sisung’s capital markets, asset management, and program management groups.

Mr. Chapman is a registered investment advisory representative (Series 65), investment banking representative (Series 79), has passed his FINRA Securities Industry Essentials exam, and maintains an active Louisiana Contractor’s License for Commercial Building Construction. Additionally, Mr. Chapman regularly attends continuing professional education and has completed courses sponsored by the National Association of Regulatory Utility Commissioners Regulatory Training Initiative and the Center for Public Utilities at New Mexico State University.

Prior to joining The Sisung Group in December of 2012, Mr. Chapman worked for over five years with a large regional grocery conglomerate in various store-level customer service management positions before becoming a district operations trainer, providing store support to newly hired associates across the New Orleans and Baton Rouge areas.

Mr. Chapman is an active volunteer with Alpha Kappa Psi, the world’s oldest, largest, and most prestigious professional business fraternity, overseeing and advising collegiate chapters across the gulf south. Additionally, Mr. Chapman serves as a Mentor for the Young Entrepreneur Academy at Southeastern Louisiana University, as well as an Executive Mentor within the College of Business at Loyola University New Orleans.

Mr. Chapman will serve the LPSC in this Docket by providing consulting services on an as needed basis.

J. THOMAS MCGUCKIN, PH.D.

Dr. McGuckin holds a Bachelor of Arts in Economics from Pomona College, a Masters of Economics from Colorado State University, and a Ph.D. in Economics from the University of Wisconsin. Dr. McGuckin is a member of both the American Economics Association and the National Association of Regulatory Utility Commissioners.

Dr. McGuckin is retired from New Mexico State University where he was a Professor of Economics for thirty-three years. He has also been an associate for the Center for Public Utilities at New Mexico State University, whose program offerings are officially sectioned by the National Association of Regulatory Utility Commissioners.

Dr. McGuckin is an economics expert in the fields of utilities in electricity, water, wastewater, natural gas and solid waste. In this role, he has provided detailed technical and policy analyses and recommendations to numerous state and federal regulatory bodies. He has focused his consulting efforts on performing cost of service analysis, rate analysis and rate design, regulatory policy development, utility governance, and planning and cost allocation processes for investor-owned electric utility companies. His experience has allowed him to build an in-depth knowledgebase on a wide array of topics including: the appropriate accounting standards and practices for electric utilities, resource planning and resource adequacy, cost recovery mechanisms for utilities, regional transmission planning organizations and ancillary services markets, day ahead energy and operating reserves markets and real time energy and operating reserves markets, transmission hedges, annual revenue rights and financial transmission rights, fuel cost recovery, qualified facilities, avoided cost, certification of transmission, certification of generation or power supply purchases, competitive procurement of supply side resources, market forecasting and futures, and federal regulations impacting or potentially impacting utilities' operations and/or policy.

Dr. McGuckin now pulls from his background and experience in serving the Sisung Group as its chief expert regulatory consultant.

Dr. McGuckin will serve the LPSC in this Docket by providing economics-related consulting services on an as needed basis.

ROYAL ALEXANDER

Mr. Alexander holds a Bachelor of Arts from Louisiana State University. He also holds a Juris Doctor from Oklahoma City University School of Law. Mr. Alexander is a member of the Louisiana State Bar.

After law school, Mr. Alexander clerked for U.S. District Judge Rebecca F. Doherty in Lafayette, Louisiana and also interned for U.S. District Judge Richard Haik during the voluminous and complex Combustion environmental tort litigation involving CERTCLA/Superfund claims. Mr. Alexander is a frequent lecturer on state and federal constitutional issues, including implication eminent domain, the Takings Clause and

Commerce Clause/interstate commerce.

Mr. Alexander has worked in Washington D.C. for three different Members of Congress and also worked for the Federal Motor Carrier Safety Administration. During his tenure in Washington, he worked with the Department of Energy and FERC on several energy related issues. In Addition his work on DOE issues included numerous energy research project e.g. nuclear energy and security, energy tax incentives, and hydropower and geothermal energy. He currently has his private law practice in Shreveport, Louisiana.

Mr. Alexander will serve the LPSC in this Docket by providing legal-related consulting services to the Commission on an as needed basis.

ROBERT VOSBERG

Mr. Vosberg holds a Bachelor of Science in Engineering from University of Wisconsin, Platteville.

Mr. Vosberg has nearly forty years practicing in the regulated utility space, including over ten years at Alliant Energy as an Energy Delivery Project Manager. He also has experience with the Wisconsin Electrical Cooperative Association, where he was responsible for direct interaction with State and Federal Regulatory bodies including providing testimony. In this role, Mr. Vosberg also served on committees that provided recommendations to such regulatory bodies for proposed agency rules and regulations. In his role with Scenic Rivers Energy Cooperative, Mr. Vosberg served as the Director of Engineering, where he was responsible for system planning, system protection, equipment procurement, rate schedules, and standards.

Mr. Vosberg has litigation experience related to economic development efforts and other special projects. He has served on local, State and National committees providing technical guidance to various regulatory agencies, regional bodies, economic groups and other associations. Mr. Vosberg has also performed rate equalization studies and other special projects.

Today, Mr. Vosberg provides technical support to various clients relating to new transmission and generation facilities. He has direct responsibility for interactions with multiple Transmission Providers (PJM, MISO including MISO South, ERCOT, SPP, WECC, etc.) for Interconnection and Transmission Service requirements. Mr. Vosberg has extensive knowledge of SERC member utilities including Southern Company, Progress Energy, TVA, Florida Utilities, Electric Municipals and Electric Cooperatives. He provides guidance to clients regarding Transmission Market requirements, including current and future pricing structures, FERC regulatory requirements and State regulatory requirements.

Mr. Vosberg will serve the LPSC in this Docket by providing economics-related consulting services on an as needed basis.
