

LPSC Online Document Access

It can be difficult looking for certain items for Companies, Dockets, or an Order on the [Commission's website](#).¹ The Commission has the Document Access Center as a tool to help the public locate items related to a Commission regulated utility, a Docket, a Commission Order, or other Commission generated documents. Along with the Document Access Center, the [Records Division has a page](#) on the website that provides useful information regarding how to make a filing, including hours of operation and rules for specific types of filings.²

The [Document Access Center](#)³ allows access, and search capabilities, to all public documents regardless if the docket is opened or closed. Along with documents filed into dockets, the Document Access Center provides search capabilities on the following categories of documents:

- Orders
- Bulletins
- Transportation Information
- Purchase Gas and Fuel Adjustment Information
- Utility Information
- Agency Calendar

Once at the Document Access Center on the website, there are several categories you can search under. The below provides an overview of what each category includes.

Recent Orders are Orders that have issued in the past 90 days. This information will provide you with the Order Date, Order Number, Docket Number, and Description. You can view the Order by clicking the Order Number link, and you can view the associated docket by clicking the Docket Number link.

Recent Bulletins are the most recent 5 bulletins that have been published. The bulletin is published every two weeks and is the Commission's Official document that provides notice of new dockets opened, provides the time and location of the next Business & Executive Session, and Orders that have been issued since the prior bulletin.

Search for Dockets – You can search for specific dockets by looking up the:

- Docket number
- Approximate dates the filing was made
- Company name.
- Export the information into a PDF or Excel spreadsheet (if the data is too voluminous it will not process and you will need to narrow your search).

For example, looking for a docket referring to **Entergy**, type "Entergy" into the company name and search.

Company Name
entergy

Filing Types

Search Reset

Date Filed ↓	Docket Number	Description
06/16/2026	U-37964	Entergy Louisiana, LLC, ex parte.
06/02/2026	U-37950	Entergy Louisiana, LLC, ex parte.

LPSC Online Document Access

This search produced approximately 200 results. I can then Export to PDF or Export to Excel (if I want to filter more, Excel is a great resource).

Clicking on the [Docket Number](#) will show you more details, such as:

1. Docket Synopsis
2. Companies/Individuals involved (including intervenors).
3. Filings that have been entered into the docket:
 - a. Filings that are shown, begin with the initial filing and the bulletin in which it was published – and end with the most recent document filed into the record.
 - b. To change the order, click on “Date Filed” and it will sort by ascending or descending dates.
 - c. Links are located to the right, in the description, for easy document access.
 - d. If there are confidential files, the filing should indicate that the filing is confidential filed under seal.
4. If there is a mention of “Executive Minutes”, you can look for the [B & E Minutes](#) or [Transcripts on the website](#).⁴ Not all dockets have executive minutes.
5. The Service List, including email addresses and phone numbers are also provided, and can be printed or exported to Excel.

Transportation Search – You can search for Transportation Companies registered with the LPSC in this tab. This search will provide the carrier name, authority type, LPSC number, status, and City & State they are located in. If you click the link on the left-hand side of the company name, it will provide you with a PDF of their LPSC Certificate.

PGA & FA Search – This is where you will find the most recent Fuel Adjustment Clause Filings (FAC) and Purchased Gas Adjustment Filings (PGA). Click on the Utility name, and it will take you to the link for the PDF of the filing.

Utility Search – You can search for LPSC regulated Utility companies in this tab. This will provide the phone number, addresses, Commission Districts they are located in, Class, Parishes, and Tariff Type. **Clicking on the Tariff Type link will take you to the current tariff on file for the company.**

Agency Calendar – This is the LPSC Calendar. It will include Hearing information, Status Conferences, B&E Sessions, and holidays. For the details of the information, click on the calendar entry for that day.

Public Records Request – If you have exhausted all efforts, and don't find the information you are looking for, a public records request can be submitted to the Commission. This can be done by completing the [Public Records Request form](#)⁵ (Fees apply) and following the instructions contained on the form itself.
