Common Carriers operate under tariffs filed with and approved by the LPSC, which shows the services to be rendered and the basis for computation of rates. After the carrier's initial filing all changes must be effected through tariff publications approved by the LPSC. The staff can handle reductions informally, but increases require approval by the LPSC. A Common Carrier's Initial Tariff must contain the following information:

1. Complete name and address of company
2. Specific information for rates charged indicating a flat rate, hourly rate, etc.. When charging hourly, indicate times when charges begin and end. A range of rates (i.e. \$75-\$100 per hour) may be used if approved by LPSC Staff - see General Order dated October 02, 2012 for more details.
3. If rates are based on mileage, the official Louisiana highway map must be used.

Should a certificate holder acquire additional rights which overlap the rights already held by him to some extent, that portion of the rights which overlap his original rights shall be merged into the original grant of authority.

5. SUSPENSION OF AUTHORITY OR CHANGES TO COMPANY INFORMATION
